The Barker Adoption Foundation is a private, non-profit child-placing agency licensed in Maryland, Virginia and the District of Columbia. Our adoption programs are financed primarily through adoption fees and donations. Fees for our domestic programs are on a sliding scale based on a comprehensive assessment of the total household income as verified in the initial, approved home study. We use combined family income as reported by parent(s) and verified by employer and tax reports to determine the sliding scale fee. A description of The Barker Adoption Foundation's In Area adoption services, the associated fees and the schedule for their payment are included in the tables below. This document serves as a fee agreement between The Barker Adoption Foundation and the adoptive parent(s) named above.

Please note that most fees for The Barker Adoption Foundation may be paid by check or credit card. Placement fee must be paid by certified check, cashier's check or wire transfer.

Refund Policy

Barker has established a fee structure permitting applicants to pay agency fees in phases over the course of the adoption process. Because Barker's work with applicants is

ongoing, and because applicants pay fees as services are rendered, fees cannot be refunded for services already rendered. Any returns should be on a case-by-case basis, at the discretion of Barker.

Information Disclosure

If a family fails to properly disclose information, misrepresents material on the application or during the home study process, or in any way places the agency and its interests at risk, The Barker Adoption Foundation reserves the right to terminate the adoption process without providing any refund. The Executive Director or the Domestic Program Director retains the right to assess individual cases and determine refunds for atypical cases.

I/we, the undersigned, have read and understand the above fee schedule. I/we understand that The Barker Adoption Foundation reserves the right to terminate, without liability or obligation, its consideration of an applicant at any point before the child(ren)'s entering the family's custody. The Barker fees set forth in this agreement will not change during the course of this adoption, unless additional requirements are placed on the Baker Adoption Foundation by virtue of us moving to, and needing to comply with, the requirements of another jurisdiction or, if additional requirements are placed on Barker Adoption Foundation by the sending country, state, attorney or placement agency. This may include, but will not be limited to, a request for additional home visits or reports. Fees are due for all services rendered, regardless of whether a child is placed and regardless of who terminates the process.

This agreement does not supersede the terms of the Service Agreement, dated, _____, which remains in full force and effect.

There will be no mileage fee charged for meetings held at the office. Fees outlined below are charged per in-home visit and must be paid prior to the confirmation of the visit. Estimated number of visits may vary based on the assessment needs of each family and are meant to be an estimate only.
